THE PUBLIC

It is generally conceded that the enterprise began in this city about five years ago, and known as the FARMERS AND MFCHANICS STORE, has met with a success unparalleled in the mercantile history of this State, and almost predigious in the material. in its nature.

The cause underlying this success is not questioned any The cause underlying this success is not questioned any longer. It is simply this: The people of Oregon having for so long a time been the victims of grasning and uncrupations dealers, having for so many years been ground under the iron heel of an avaricious guild, have at last had their eyes opened to the fact that their dollar, no less than anybody else's, is worth one hundred cents, and ought, by right, purchase as much as if in the hands of the merchant.

To the FARMERS AND MECHANICS STORE is due

much as if in the hands of the merchant.

To the FARMERS AND MECHANICS' STORE is due the credit of having released the people from the oppressive yoke, of having redeemed them from their thraddom, and of having enlightened them upon a point so vital to their proshaving enlightened them upon a point so vital to their prosperity. This yexes those merchants who are unable to keep pace with the march of time, who are loth to accommodate themse yes to smaller profits, and who never forget anything, because they never learn anything, and they cannot help themselves. They are spotted; the people have put the mark on selves. They are spotted; the people have put the mark on them, while the FARMERS AND MECHANICS STORE has become the household word in every family in the State, and is to them synonymous with honesty, integrity and fair deal-

is to them synonymous with honesty, integrity and fair deal-dealing.

To take advantage of the fair fame of which the FARM-ERS AND MECHANICS' STORE has a right to beast, is something from which their competitors do not shrink. Their sense of honor does not deter them from stooping so low, and consequently it often occurs that when a party, for the first time in this city, happens to fall in their clutches, he is made time in this city, happens to fall in their clutches, he is made to believe, when asking for the FARMERS AND MECHANICS' STORE, that he is just in the place he is looking for. By every device, chicanery and false representation he is thus every device, chicanery and false representation he is thus every device, chicanery and false representation he is thus every device, that he is just in the place he is looking for. By every device, that he is just in the place he is looking for the proprietor of the above mentioned place, flush himself compelled to notify those who have so long subsisted upon this disreputable practice, that unless they cease their tactics, he will, though reluctantly, seek redress through the proper channel. He has, in accordance with the provisions of the law of the State, delivered to and had recorded in the office of the Secretary of State, the words "FARMERS AND MECHANICS' STORE," as a TRADE MARK, to be used as a sign and designation to his store. The undersigned does not propose to submit to an infringement upon his rights any longer. He is not reap the benefit of his labor, and, above all, suffer his customers to be thus imposed upon. He therefore again warms and notifies all persons so using his Trade Mark in the foture, that he will hold them strictly responsible for the same and prosecute them to the extent of the law, which provides as follows:
